Algae Remove & Seal

Clean, kill and seal in one application

3 litre ready-to-use bottle

Algae Remove & Seal is a professional grade algae, mould, and lichen killer, specifically designed to cleanse the surface of contamination and leave a durable seal to prevent moisture ingress and contaminants returning.

This easy to use formula can be used on paths, patios, decking, walls, roofs and is ideal for use on wooden garden furniture.

Active ingredients work on the surface to clean, kill, and seal in one simple application.

Features & Benefits

- Cleaner and sealer in one
- Ready to use - no diluting or mixing required
- Continues to work for up to 12 months
- Multiple applications

APPLICATION - ALWAYS WEAR SUITABLE PPE

- SHAKE THE CONTAINER FOR 30 SECONDS BEFORE EACH USE
- Brush away leaves and debris before applying
- Do not apply if rain is expected within 4 hours
- Apply using a spray or brush - apply an even, generous coat
- If using two coats, add the second before the first coat dries. (Usually within 20 minutes depending on weather conditions)
- Mop up any pooling before dry

Precautions

- **Always test a small inconspicuous area before use to ensure surface compatibility, performance and finish is acceptable**
- Protect any surface or area not being treated
- Never mix or add any other cleaners or acid to the product
- Keep away from plants
- Keep away animals and pets until cleaning process is complete and surface is dry

Storage

- Store between 5°C and 25°C
- Keep out of direct sunlight and protect from frost in original container
- Keep out of reach of children

Health & Safety

- For use only as a surface biocide
- Contains Didecylidimethylammonium Chloride
- Approved HSE BIOCIDE LICENCE NUMBER 10597
- Surface biocide for amateur and professional use against algae
- Causes skin irritation and serious eye damage
- May be corrosive to metals
- Harmful if swallowed
- Very toxic to aquatic life
- Wash hands thoroughly after handling
- Use only outdoors or in a well-ventilated area
- Do not breathe vapour
- **IF ON SKIN:** Gently wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation or rash occurs seek medical advice/attention
- **IF IN EYES:** Bathe the eye with running water for 15 minutes. Promptly wash eyes with plenty of water while lifting the eye lids. Continue to rinse for at least 15 minutes and get medical attention. Remove contact lenses if possible and safe to do so
- **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Wash out mouth with water. If conscious, give half a litre of water to drink immediately. Transfer to hospital as soon as possible
- **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. If feeling unwell, call for medical assistance
- Dispose of in accordance with national/local regulations
- Do not discharge into drains or rivers
- Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate method
