

Polar Centre Pivot Roof Window

Keylite's most versatile window, suitable for single or multiple applications in any roof with a pitch of 15° - 90°

Features

- ▶ **Bright White** – Keylite's Polar range combines the bright finish of PVC to compliment the interior décor of the contemporary home. The white internal finish blends perfectly with white ceilings and walls to maximise the use of natural light within any room.
- ▶ **Moisture Resistant** – PVC's natural resistance to moisture enables the Keylite Polar Roof Window performs equally as brilliantly in a damp environment as it does in a dry one. This makes them ideal for every room including even the steamiest bathroom or kitchen.
- ▶ **Preservation Promise** – The Polar Roof Windows long life bright white finish is guaranteed through the use of only the most premium grade of PVC materials, ensuring that Polar remains essentially maintenance free with only the occasional rub with a damp cloth required to retain its appearance
- ▶ **Integrated Thermal Collar** - Unlike other roof windows Keylite's thermal collar is integrated into the frame. The collar is activated by simply pulling the release tabs for a fast insulation solution, combating cold bridging.
- ▶ **Flick-Fit Brackets** - Keylite's unique Flick-Fit brackets are prefitted so you can lift the window straight from the box to the roof and simply select the setting for tile or slate
- ▶ **Click-Fit Hood** - Simply click the hood under the clips and secure.
- ▶ **Recessed Fit as Standard** - Every Keylite roof window is recessed as standard, sitting lower in the roof than ever before.
- ▶ **Low Profile Hood** - Keylite's new hood has a lower profile and features a more sculptured design, enhancing its appearance in the roof.
- ▶ **Warm Edge Glazing** - Every Keylite roof window now has a warm edge glazing unit as standard, to enhance the windows performance and reduce the occurrence of condensation.
- ▶ **New improved ventilation handle** - Keylite's slimline ventilation handle has a new contemporary style, designed to provide comfortable opening of both the window and the ventilation flap.
- ▶ **All Weather Ventilation** - Keylite roof windows all provide trickle ventilation, even with the window fully closed and securely locked. The built in ventilation filter ensures no insects pass into the room, only clean fresh air.
- ▶ **Maintenance Free Hinge** - The hinge being the most vital component of the window, is the only operational part that moves. Keylite has eliminated the maintenance requirement of this component.
- ▶ **Sash Finger Springs** - The sash hinge finger spring allows the sash to be installed back into the frame in one smooth effortless motion.

Installation and Accessory Products

- ▶ **Flashings**
 - Single Installation:
 - Tile (TRF)
 - Deep Tile (DTRF)
 - Slate (SRF)
 - Plain Tile (PTRF)
 - Corrugated Roof (CRF)
 - Combination Installation:
 - Combi Tile (CTRF)
 - Combi Slate (CSRf)
 - Combi Plain Tile (CPTRF)
 - Bi-Lite Tile (BLTRF)
 - Bi-Lite Slate (BLSRF)
 - Quad Lite Tile (QLTRF)
 - Quad Lite Slate (QLSRF)
- ▶ **Additional Installation Products**
 - Underfelt Collar (FC)
 - Vapour Collar (VC)
- ▶ **Accessories**
 - 2 metre window pole (WP2)
 - 3 metre window pole (WP3)
 - Solar powered electric kit (SPEK)
 - Premium electric kit (PEK)
 - Standard electric kit (SEK)
 - Opening restrictor (OR)
 - Security lock (SL)
- ▶ **Blinds**
 - Integral Blind (I)
 - Dim out Blind (D)
 - Black out Blind (B)

Application

- ▶ Keylite recommend installing the window so that the frame top is between 1.85 - 2.20m above the floor for ease of operation.
- ▶ For installation of roof windows above 2.2m Keylite also recommend electrical operation and a laminated inner safety pane.

Operation

- ▶ The Keylite Polar centre pivot roof window is operated manually as standard, through the full width use of our ventilation handle, located along the top of the sash.
- ▶ Electric operation is also available as an additional accessory.
- ▶ All centre pivot Polar windows that are 1340mm wide and/or 1400mm long also have a bottom handle fitted as standard.

Guarantee

- ▶ **20 Years** - Keylite's hassle free guarantee on Polar centre pivot roof windows.*
- ▶ **10 Years** - Keylite's hassle free guarantee on flashings.
- ▶ **3 Years** - Keylite's hassle free guarantee on blinds, accessories and electrics.

Finish Options

- ▶ **Interior** - White
- ▶ **Exterior** - Grey
Conservation Black (CW)

Glazing

Thermal (T) - Double glazed, toughened outer pane, argon gas filled cavity, float inner pane.

Hi-Therm (HT) - Double glazed, toughened outer pane, argon gas filled cavity, laminated inner pane with enhanced noise reduction.

Triple Glazed (KTG) - Triple glazed, toughened outer pane, krypton gas filled cavity, float centre pane, krypton gas filled cavity, float inner pane with enhanced sound and thermal insulation.

Frosted (FR) - Double glazed, toughened outer pane, argon gas filled cavity, frosted float inner pane.

Maintenance

- ▶ The glazing pane of a Keylite Polar Centre Pivot Roof Window can be cleaned with a soft, clean cloth/chamois or non-metal squeegee. Clean water will be sufficient for cleaning the pane.
- ▶ The sash can be rotated through 180° where the outer pane can become available for cleaning once locked in position using the plastic locking mechanism located along the top of the sash.

Note: Self-cleaning glass available upon request. For further information, please contact the Keylite technical team.
