Weight (based on size 9):

- 604 grams

Sector Use:

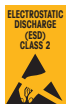

Lighter side working activities:

- Lightside Construction
- Engineering
- Maintenance
- Trades
- Utilities
- Warehouse & logistics

Features & Benefits:

Play FAST and LOOSE with lacing. The Fitgo® wheel and cable lacing system brings quick and convenient fasten and loosen to footwear lacing. A boon to trades safety footwear users who require to quickly remove and re-fit their footwear. The Fitgo® system is tested to over 40 kg weight pressure and Wheelz® come in a choice of athleisure dynamically styled mid boot and trainer styles. Thanks to incorporating the latest high strength, low weight materials and components Wheelz® are not just lightweight. At only 604g for the mid (6") boot and 566 g for the trainer they are ultra lightweight yet surpass a 500,000 flex test. A user friendly combination of great looks, light weight and Fitgo® convenience masks really tough and durable workplace footwear with a high CE/UKCA safety specification: S1PS SC FO + ESD.
